

Julian Siebrand

Resume

Julian's background in security operations from over 22 years of Policing was gained primarily in the field of Tactical Policing with the Victorian Police - Special Operations Group (SOG) and as an Officer In Charge (OIC) with the Australian Federal Police (AFP), Specialist Response Group. Julian planned and managed operations and deployments both domestically and internationally in high risk settings performing the role as Tactical Commander.

Leadership roles included OIC for a number of AFP specialist teams such as Tactical, Bomb Response, Negotiators, Canine, Tactical Intelligence, National Bomb Appraisal Officer program and Acting Superintendent Afghanistan Mission. Most recent roles were AFP Brisbane Airport Commander and AFP OIC Telecommunications Intercepts. Julian attained a number of Police qualifications during his career such as Tactical Commander, Bomb Technician, Explosive Entry, Police Tactical Group, Training and Investigations. Julian has recently resigned as a Police Officer to pursue other interests.

In addition to Policing skills, Julian has a Bachelor of Education and qualifications in WH&S, Business, Management and Security and Risk Management.

Julian has a diverse non-policing background having maintained and developed skills in training, business and private security operations. Julian has conducted Protective Service Detail (PSD) security operations for high profile/net worth individuals domestically and abroad, as well as implemented and managed security plans for international sporting events, such as the 2018 Commonwealth Games and International Cricket tournaments. Julian has worked closely with a number of international sporting teams in a security setting as well as delivered specialist training courses, such as pre-season camps to AFL /NRL teams and a pre-Ashes Training camp for the English Cricket Team.

In a business setting Julian and his wife have established, managed and developed three Laser Clinics Australia retail stores.
